

PROJECT PROFILE

The Couture

Milwaukee, WI

PROJECT DESCRIPTION

The AFL-CIO Housing Investment Trust (HIT) is helping to finance the \$159.3 million^o new construction of The Couture, a high-rise apartment building in downtown Milwaukee. Part of the Lakefront Gateway Project, this skyscraper has been designed to serve as a key thoroughfare connecting Milwaukee’s lakefront and cultural amenities with downtown. The development will feature 322 units and include public plazas and parks, pedestrian bridges, and a new stop for The Hop, Milwaukee’s streetcar system.

HIT ROLE

After seven years in the making, the HIT committed \$104.5 million in construction and permanent financing to the project through the purchase of Ginnie Mae securities. The Couture is the HIT’s largest Federal Housing Administration investment in its history. It is HUD’s fourth largest new construction project using the 221(d)(4) or 220 guaranty program and its largest ever in Wisconsin.

SOCIAL IMPACT

In addition to generating the union jobs and other economic impacts shown below, The Couture is a transit-oriented development that will transform an underutilized property into a catalytic transit, retail and residential development. In addition to the Hop streetcar, The Couture’s multimodal transit hub will include a concourse for the Milwaukee County Bus Rapid Transit line, linking downtown to the Milwaukee Regional Medical Center in neighboring Wauwatosa. The project is designed to qualify for the National Green Building Standard Bronze designation.

ECONOMIC IMPACT OF INVESTMENT*

 <p>HIT Investment \$104.5 Million</p>	 <p>Total Development Cost \$159.3 Million^o</p>	 <p>322 New Units of Housing</p>	 <p>1,464,510 Hours of Union Construction Work Generated</p>	 <p>\$42.4 Million Tax revenue generated</p>	 <p>\$306.7 Million Total economic benefit</p>
---	---	---	---	---	---

^o Total development costs include those costs related to the FHA insured component of the overall development.

*Job and economic impact figures are estimates calculated using IMPLAN, an input-output model, based on HIT and HIT subsidiary Building America CDE, Inc. project data. The data is current as of April 15, 2021. Economic impact data is in 2020 dollars and all other figures are nominal.

"We are pleased to be working on another HIT project in Milwaukee. The Couture will create many family supporting career apprenticeship opportunities, continue to provide good union jobs and generate economic development for the city as we recover from the pandemic."

—Dan Bukiewicz, President
Milwaukee Building & Construction Trades Council, AFL-CIO

ABOUT THE HIT

The AFL-CIO Housing Investment Trust (HIT) is a fixed-income investment company registered with the Securities and Exchange Commission. Its investors include union and public employee pension plans and labor organizations. The HIT invests primarily in government and agency insured and guaranteed multifamily mortgage-backed securities. The HIT is one of the earliest and most successful practitioners of socially responsible impact investing, with a track record of over 35 years that demonstrates the added value derived from union-friendly investments. The investment objective of the HIT is to provide competitive returns for its investors and to promote the collateral objectives of constructing affordable housing and generating employment for union members in the construction trades and related industries. More information is available on the HIT's website, www.aflciohit.com.

This document provides information about a project or projects financed by the HIT which may or may not be reflective of other financed projects or refer to an asset currently held in the HIT's portfolio. Investors should consider the HIT's investment objectives, risks, charges, and expenses carefully before investing. This and other information is contained in HIT's prospectus, available at aflcio-hit.com or by calling 202-331-8055. The prospectus should be read carefully before investing.
